## Three Forms of Eye Trouble

any of which may have existed from birth. Nature does not always make perfect eyes. We have near-sightedness, far-sightedness and astigmatism, which is a form of irregular sight. All of these defects require attention, the sooner the better. If a child has any of these ocular defects and is expected to do close work of any kind he must have his eyes fully examined and wear such glasses as will correct the refraction of his eyes. As well expect a child born with one leg shorter than the other to walk without limping as to ask one born with imperfect vision to do accurate eye work without suffering the consequences.

I am equipped with every modern appliance to use in helping correct any ocular defect. Come in any time and let me examine your eyes, it will cost you nothing and my prices on optical goods are extremely cheap. Do not entrust the keeping of sight to strangers or people unknown to you, but one who has made this science a study. W. A. VAWTER, Optometrist with

## DEATHS.

MRS. CHAS. H. BOHN died at her home on East Arrow Thursday morning Sept. 30th, at 1 a. m. after an illness of two years of Bright's disease aged 48 years, 1 month and 12 days. She is survived by her husband who is pastor of the Episcopal church and a number of children. Mrs. Bohn was born at Gallatin, Mo., and moved here with her husband a short time ago. She was an excellent lady and during her short stay here made many friends. Funeral services will be held at 2 p. m. today at the Episcopal church.

MRS. JENNIE WAGLE died at her home on West Morgan Tuesday, Sept. 28th, aged 63 years. She had suffered for years from a cancer which eventually caused her death. She was a splendid Christian lady. She is survived by three sons—Alf. Waggle, of Marshall John and Will of California. Funeral services were conducted at the residence Wednesday by Rev. B. T. Wharton.

EDWARD WELSH died at Carrollton on Sept. 23d. Mr. Welsh would have been seventy-five years old had he lived to reach the twentieth day of Oct. 1909. He was the father of six children, five living. A son died some time ago. Rev. Jones of Miami preached his funeral and the remains were laid to rest at Harmony on last Sunday. Little did his folks realize that when the dear old father said good bye and started off to Carrollton for a little visit that it would be the last earthly goodbye and that so soon he would be on his journey to the land beyond. His illness was very brief and his demise very sudden. Heart trouble was the cause of his death. God sees when their foot steps falter, When their hearts grow weak and faint, He marks when their strength is failing And listens to each complaint. He bids them rest for a season For the pathway has grown too steep; And folded in fair green pastures He giveth his loved ones sleep. Mrs. A. P. B.

## Real Estate News

Barney Weising Saturday bought Melvin Hall's farm of 60 acres south west of Shackelford at \$90 an acre. "Doc" Hall in turn bought J. M. Terrell's farm of 50 acres southwest of town at \$6750. Mr. Terrell will no doubt move to Texas to be with his children there.

Elsie & Hains Thursday sold P. D. Bail's place on South Lafayette to Jacob Markes for \$1300, possession at once.

Geo. Seibold sold his farm west of Malta Bend last week to Dan Robertson for \$10,000. He paid \$5000 about six years ago, we were told. The sale came as a surprise to him, so he is yet undecided what he will do.

J. F. Rains, of Ridge Prairie will leave next week for Harper County Oklahoma, where he has purchased 412 acres of good land and will farm it.

J. M. Terrell this week bought 12 acres and a residence in West Marshall from Ed Brisbois and will move to Marshall to reside next March. He may move to Texas later.

## Brought a Bride.

Richard McGrath, of Manila, P. I. who spent the summer in the eastern states, arrived Saturday on a visit to his old home. He brought along a wife, who until last Thursday was Miss Norma Vandervoort, of Brooklyn, N. Y. They stopped at the Ruff but were entertained by his relatives and friends in special social functions. Among those who entertained them were Mr. and Mrs. I. L. Terrell, Rev. and Mrs. Wharton and J. C. Ervine's. They left again Tuesday on their return to Manila. Mr. McGrath is conducting a shoe factory in Manila very profitably.

## Public School Lecture Course

### Splendid Talent Secured for the Coming Season

Prof. H. H. Edmiston informs us that the committee in charge feels very fortunate in having closed a contract with the Midland Lyceum Bureau for an entertainment of unusual merit and at a reasonable price.

The course opens on October 7th with the Eureka Glee Club. This club has been touring the country for nine years with splendid success.

Oct. 30th Denton C. Crowl, the portrayer will be here. He will deliver one of Sam Jones lectures in a manner that will make you imagine that Mr. Jones has returned to life.

December 6th Thomas McClary will deliver a humorous lecture. He is a man of unusual ability in his profession.

December 21st the Wilbur Starr Concert Co. will be here. Prof. Starr gave up a large salary as dean of music of the Missouri State University to head this company.

January 24th is the date of the Rachel Steinman Concert Co's entertainment. Miss Steinman, the head of this company will be remembered as a member of the Midland Concert Co. for five seasons. They come well recommended.

The last number is on Feb. 17th. Shungopari, the weird wonder worker, will tell and do wonderful things. Shungopari is an Indian of unusual education and a direct descendant of the cliff dwellers.

All the numbers will be given at the high school auditorium. The price of season tickets is \$1.00 and \$1.25, single tickets 25c. Get your tickets early.

## Barn Burned

A. J. Odell, of 8 miles east of Marshall, lost his big barn by fire last Friday night. He awakened at the clock struck 2 and saw the glare and on investigation found the barn about to cave in already. The barn contained some hay, corn and harness and the total loss was nearly a thousand dollars with but \$500 insurance. He was unable to ascribe a cause for the fire. He is rebuilding.

## Church News

Rev. M. M. Smith has accepted a call to the pastorate of the Grand City Baptist church and enters upon his work next Sunday. While here he was the field missionary for the Baptists in Saline.

Rev. and Mrs. B. T. Wharton, Mr. and Mrs. P. H. Rea, Mrs. Mary Goodson and daughters, Misses Mary and Ella, Col. James Gordon and others of the Christian church of Marshall expect to attend the Centennial celebration of the church at Pittsburg on October 11th.

Rev. J. B. Meacham of Mt. Sterling, Ky., is in Saline on invitation of Smith's Chapel, near Napton, which has tendered him a call.

The Christian Sunday School observed rally day Sunday. It was a day set for all the Christian Sunday Schools. The day was a splendid success. The attendance was 535, of which 361 were enrolled, and the collection was \$14.68.

Rev. E. N. Garrett will preach Sunday morning and night at the Salt Springs school house.

Rev. Clinton Senneff will preach Sunday morning and night at the First M. E. Church. Rev. E. P. Anderson, former pastor here will assist in the revival at this church beginning Oct. 25th.

The M. E. Church at Blackburn, col., is advertising a big "Dedication" celebration for Sunday, Oct. 17th. The Knights of Labor of Blackburn, Sweet Springs and other points will assist in the ceremonies. Rev. M. Denny is the able pastor.

Philip Chronich and B. Johns will travel for the Marshall store and a Mr. McElroy will be their designer. Notice their advertisement in this issue.

### Hurt in Runaway.

Ben Arnold, of near Miami, was badly hurt Tuesday afternoon in a runaway on Benton Ave. After attending to some business in Marshall he started for his home and on Benton Ave. his mules were frightened by a road grader, wheel sharply about and threw him out upon the curbing, causing some bad bruises on his head.

The mules nearly ran into his brothers team behind him. Will Van Winkle, who was driving behind him also, was run into and a mule he was driving was considerably bruised. In jumping out Mr. Van Winkle also hurt himself a little. His buggy was also badly damaged. There was quite a mix-up and a lot of excitement resulted.

### Accidents at Sales.

The public sale of Dennis Desmond Monday at Ridge Prairie started out with an accident. A bunch of mules was up for sale and broke out of the ring of spectators surrounding them. As they rushed around the corner of the barn Mrs. Desmond and little boy were in their track. Mrs. Desmond managed to get out of the way but the boy was knocked down and run over. Everyone thought that he'd be badly hurt but he set up a lusty cry and showed no further signs of injury than a big bump on his forehead where he was struck by a mule's hoof.

He later complained of a pain in his side, but it was not thought to be serious. The sale was largely attended and prices good.

While a cow with calf was up for sale Tuesday at the Sappington sale southwest of Arrow Rock the cow became excited and plunged around a little. The circle scattered out and there was considerable commotion. A large bull dog thought it was his time to take a hand and fastened his teeth with a death grip on the cows head. This made matters worse and the cow butted around violently. One man was butted against the barn and another knocked under a feed sack. In the meantime a cry had gone up "kill the dog," and after many attempts a blow on his head laid him out temporarily while the cow was taken away, much the worse for her experience. The dog also took as if the sausage-maker had tried his hand on him, but he had few friends present.

Accidents will happen, but we believe children and dogs should be kept out of the "ring." Women and girls ought to know enough to keep out themselves not alone because of the danger but also because of the rough language so frequently heard at a public sale.

### Automobile Accident.

Thos. Overly, of Salt Springs, was here Tuesday and reported a serious accident that befell him and his good wife Monday night. They were returning from church at Mt. Leonard in a buggy and on the road met Geo. Long in his auto. He said he turned to the right as did also Mr. Long and when they were about to meet, the auto turned squarely into him throwing the horse on an embankment and breaking its leg. The horse had to be killed. The buggy was wrecked and the auto also damaged. Mrs. Overly also received a painful bruise on one knee. Mr. Overly

thinks Mr. Long lost control of the auto as they were about to meet.

### Electrical Storm.

A great electrical storm passed over the United States Saturday reaching an intensity of over 500 volts in the large telegraph instruments. The cause is thought to be the aurora borealis or northern lights, but the proximity of Mars may have some connection.

The earth is a negative conductor of electricity and during the storm it was changed to a positive.

### Earths Shape may Change.

Rome, Sept. 28.—M. Barons a noted astronomer, today added his warnings to that of other scientists who have, within the last few days been predicting violent seismic disturbances within the next few days.

Barons says the present sun spot is the largest ever seen and he believes it responsible for Saturdays electrical storms. He expects more violent manifestations before the end of the week. Barons' warning in connection with that of Frank A. Parrett of Brooklyn assistant director of the Royal Observatory at Mount Vesuvius and other astronomers, has frightened the Italian public, which fears a repetition of the Calabrian disaster of last September.

Within the next few days, according to Parrett, the position of the sun, moon, Mars, Saturn and Jupiter will be such as to produce a terrific strain on the earth and may result in the earths shape becoming elliptical instead of spherical. Parrett is the man who predicted the earth quake of last September.
